

**Curriculum Vitae / Jeong-Hwan HWANG, M.D., Ph.D.**

**Jeong-Hwan HWANG, M.D., Ph.D.**

Clinical Research Professor / Jeonbuk National University Hospital  
Department of Internal Medicine / Division of Infectious Diseases

**AFFILIATIONS**

Clinical Research Professor / Jeonbuk National University Hospital  
Department of Internal Medicine / Division of Infectious Diseases

**EDUCATION**

B.S. in Medical Science, Jeonbuk National University Medical School  
M.S. in Medical Science, Graduate School, Jeonbuk National University  
Ph.D. in Medical Science, Graduate School, Jeonbuk National University

**PROFESSIONAL EXPERIENCE**

**Assistant Professor**, – present

Jeonbuk National University Medical School

**Fellow**

Department of Infectious Internal Medicine, Seoul National University Hospital

**Doctor of International Cooperation**

Ministry of Foreign Affairs and Trade, KOICA (in Peru)

**Residence**

Department of Internal Medicine, Jeonbuk National University Hospital

## PUBLICATIONS

- 1) A randomized, double-blind, placebo-controlled pilot study to assess the effects of protopanaxadiol saponin-enriched ginseng extract and pectinase-processed ginseng extract on the prevention of acute respiratory illness in healthy people. *J Ginseng Res.* 2020 Sep;44(5):697-703.
- 2) Clinical Features and Risk Factors Associated With 30-Day Mortality in Patients With Pneumonia Caused by Hypervirulent *Klebsiella pneumoniae* (hvKP). *Ann Lab Med.* 2020 Nov;40(6):481-487.
- 3) First Case of *Aureimonas altamirensis* Bacteremia in Korea. *Ann Lab Med.* 2019 Nov;39(6):587-589.
- 4) Severe fever with thrombocytopenia syndrome: comparison with scrub typhus and clinical diagnostic prediction. *BMC Infect Dis.* 2019 Feb 19;19(1):174.
- 5) Facial palsy in a kidney transplant recipient. *Am J Transplant.* 2019 June;19(7):2136-2138.
- 6) Coexistence of systemic lupus erythematosus with Kikuchi-Fujimoto disease involving the salivary gland, initially disguised as lymphoma. *Rheumatology (Oxford).* 2019 Mar 1;58(3):550-553.
- 7) *Kluyvera ascorbata* as a Pathogen in Adults and Children: Clinical Features and Antibiotic Susceptibilities in a Single Center Study. *Jpn J Infect Dis.* 2019 May 23;72(3):142-148.
- 8) Korea Infectious Diseases (KIND) Study Group. Clinical and Molecular Characterization of Pantone-Valentine Leukocidin-Positive Invasive *Staphylococcus aureus* Infections in Korea. *Microb Drug Resist.* 2019 Apr;25(3):450-456.
- 9) A Risk-Scoring System for Predicting Methicillin Resistance in Community-Onset *Staphylococcus aureus* Bacteremia in Korea. *Microb Drug Resist.* 2018 Jun;24(5):556-562.
